Lunch will be around 2pm. As far as dinner goes, you can either bring money for concessions, or pack a dinner to bring with that they can eat after the performance. We are not supposed to have food in the home room, so please pack food that can be easily eaten and not make a big mess! You gals will need your energy, so bringing snacks are probably a good idea!

Pack all of your performance needs Friday! This includes all blacks (just in case!) hair and make-up needs, food, money etc... Prepare the night before to prevent stress the next day! We will all need to be focused for the upcoming show!

Weapons and Flags- please make sure that everything is taped properly so we pass inspection ☺ We got a freebee with our home show last week, but all crutch tips should be tapes as well as butts, hilts and tips!

If I am not there, I want all of you to know that I will be thinking of you. **Be confident, stay calm and keep your head held high. You have a lot to offer and make sure the crowd and judges remember who you are! I believe in you, but you need to believe in you too! Love you <3**
